## Be more inclusive

We understand the current impact of cost-of-living increases on household budgets. We recognise how this will be affecting some student's opportunity to take part in a school trip.

You can help parents to include their child by moving your trip to a low season month, reducing the cost burden significantly and thus encouraging more opportunities for more pupils.

This low season all-inclusive package is delivered between **November and March** each year.

**These special prices are only available when booked directly with us as an all-inclusive package.**

## How to book

Simply let us have some details of your proposed group and your requested dates between November and March and we will provide an all-inclusive quotation.
