## Be more inclusive

We understand the current impact of cost-of-living increases on household budgets. We recognise how this affects some student's opportunity to take part in a school trip.

You can help parents to include their child by moving your trip to a low season month, reducing the cost and encouraging more opportunities for more students.

This low season all-inclusive package is delivered between November and April each year.

**These special prices are only available when booked directly with us as an all-inclusive package.**

### How to book

Simply let us have some details of your proposed trip, group numbers and preferred dates between November and April and we will provide an all-inclusive quotation and package proposal.
