

Time to Beat the Squeeze

Low cost **all-inclusive** school trip packages

School Visits - adapting to the increasing cost of living

As a long standing school tour operator, we understand the current impact of cost of living increases on our household budgets and how this can adversely affect a child's ability to join a school visit. Moving your visit to a lower cost time of year can reduce this burden significantly.

As an educator you already understand the positive impact of outdoor experiences on a child's schoolwork, attainment and attendance, and will recognise the importance of children being able to continue to learn outside of the classroom environment and not to be left behind.

Encouraging opportunities for all

We aim to support learning whilst also reducing the burden on parents, thus making school trips more accessible. We can beat the squeeze on budgets with our range of low season residential packages. These cost-of-living busting residentials are delivered at venues across the UK between November and March when reductions of up to 40% can be achieved on main season pricing.

Our special offer priced residentials are delivered through our partnerships with YHA, Kingswood, Field Studies Council and Essex Outdoors.

These packages are only available when booked directly with us as all-inclusive packages.

Activities and attractions
